COUNCIL OF GOVERNORS

1. BACKGROUND/CONTEXT

This paper presents key documents to enable the Trust's statutory application to NHS England for the proposed acquisition of Bridgewater Community Healthcare NHS Foundation Trust (BCH) by Warrington and Halton Teaching Hospitals NHS Foundation Trust (WHH).

The Council of Governors is asked to:

- **Approve the Trust's decision to submit the statutory application letter**, and
- **Approve the proposed new Constitution of the enlarged organisation**, which is a required component of the application.

These documents have been developed with support from the Trusts' legal advisers and were approved in principle by both Trust Boards and their respective Councils of Governors in February 2026. They have been updated to reflect formal feedback from NHS England, notably the transaction amber risk rating. The final versions are now presented to the Council of Governors to enable approval of the required statutory elements prior to submission to NHS England for final authorisation.

The Council of Governors' statutory role is to determine whether the Board of Directors has been thorough and comprehensive in reaching its decision to proceed with the proposed acquisition, and whether it has considered the interests of members and the public at large, in accordance with Code of Governance for NHS Provider Trusts (NHSE 2023) and NHS England's transaction guidance.

This report provides assurance against these statutory requirements. To support the Council's consideration, a Transaction Process Assurance Matrix is included as an appendix, mapping national requirements to the specific evidence and actions undertaken by both Trusts.

To withhold its consent, the Council of Governors would need to provide evidence that due diligence was not undertaken.

The Board has followed a structured and nationally compliant transaction process. A Strategic Case was approved by both Trust Boards and supported by the Integrated Care Board before submission to NHS England. Following formal NHS England review, recommendations have been incorporated into the Full Business Case, which was subsequently approved by both Boards in December 2025.

Comprehensive due diligence has been undertaken including across legal, clinical, financial, estates, digital and workforce domains, supported by independent external advisers. Identified risks have been captured within a formal integration risk register, with defined mitigation plans.

The Board has also completed the required Board Certification to NHS England, confirming compliance with national transaction requirements across governance, quality, integration delivery and finance.

Engagement with staff, partners, stakeholders and system leaders has been undertaken, and equality and statutory duties have been considered as part of the submission to the Secretary of State.

On this basis, the Board is satisfied that due process has been followed, that appropriate assurance has been obtained, and that statutory requirements have been met. The Council of Governors is therefore asked to approve the required elements of the transaction accordingly.

1.1 APPLICATION LETTER

The Application Letter is the formal, Board-approved submission to NHSE requesting approval of the proposed transaction.

It confirms that all required planning, due diligence, governance, and assurance processes have been completed and that the Trusts are now seeking NHSE approval to proceed to implementation.

The final version incorporates NHSE's confirmed Transaction Rating of Amber.

1.2 NEW CONSTITUTION

A new Constitution is required ahead of the integration to ensure statutory compliance and to provide an effective governance framework for the new organisation post-transaction.

Development of the Constitution was overseen by a joint working group of Governors from both Trusts, supported and led by the Director of Corporate Governance (BCH). This ensured:

- Appropriate Governor representation from both Trusts
- Robust challenge and assurance
- Consistency with statutory requirements and the national Model NHS Constitution
- Coordination of legal advice and NHSE feedback

The draft Constitution has been based on the national Model NHS Constitution, updated with minor amendments from the Trusts' legal advisers and NHSE's legal team.

The Constitution will take effect automatically if NHSE approves the acquisition, in line with the NHS Transactions Guidance.

2. RECOMMENDATIONS

It is recommended that the Council of Governors approves the Trust's decision to submit the statutory Application Letter to NHS England. It is recommended that the Council of Governors approves the proposed new Constitution.
